PROFILE SUMMARY

I am Creative and detail-oriented Website Designer with a strong foundation in HTML, CSS, Bootstrap and JavaScript. Highly skilled in crafting responsive, user-friendly interfaces and designing visually appealing layouts that enhance overall user experience. Passionate about blending technical expertise with modern design principles to deliver seamless and engaging web experiences.

PROJECTS

- **Creative Agency Website**
  Frontend Designer
  Designed and developed the front end of a modern, responsive website for a creative agency. Focused on crafting a visually striking layout with clean typography, smooth transitions, and intuitive navigation. Built using HTML, CSS,BootStrap and JavaScript to ensure cross-browser compatibility and an engaging user experience. The design emphasizes creativity and professionalism to reflect the agency's brand identity.

- **Smart Carpooling and Collaborative Travel Companion**
  FYP in University and Work as Frontend Designer

  Developed a web-based Smart Carpooling and Collaborative Travel Companion platform aimed at optimizing travel routes and promoting shared commuting. The system includes real-time route matching, secure user authentication, and intelligent ride partner suggestions based on proximity and preferences. Designed to enhance travel convenience and reduce traffic congestion

- **Portfolio Website**
  Frontend Designer

  Designed and developed a responsive personal portfolio website to showcase web design projects and skills. Features a clean, modern layout with smooth navigation, project galleries, and an about section highlighting expertise in HTML, CSS,BootStrap JavaScript,
